

TORTILLA GRILL

SPECIFICATION SHEET

SPECIFICATIONS

The CHAR gas fueled Tortilla Grill is available in 36", 48" and 60" diameters. This unit serves as a heavy duty griddle, plancha, and tortilla grill with high polished stainless steel plate cooking surface. To ensure performance and longevity, these units are constructed entirely of 304 stainless steel. Add the optional rotation feature to showcase the grilling experience. Utilizing a tested and proven industrial gear motor, this unit's option will provide years of uninterrupted operation of the rotating grill surface. Adjustability achieved with a rotational speed controller. This tortilla grill will be the highlight of the cooking experience.

- Must select from gas type options (LP) for propane (NG) for natural gas
- Gas safety is standard
